§ 1930.124 [Reserved]

§ 1930.125 Changing project designation.

Generally, RRH projects designated for families, elderly and persons with handicaps, including congregate housing, will be used for the original purpose throughout the life of the FmHA or its successor agency under Public Law 103–354 loan. However, if it becomes necessary to change the designation of a project due to housing market changes which inhibit the borrower's ability to maintain occupancy levels sufficient to sustain the project, the State Director may change the designation. Project design must meet the housing requirements of the target group when changing the designation. The State Director shall consider such requests on a case-by-case basis when all of the following information has been provided:

(a) The complete borrower case files have been submitted together with the Servicing Official's specific recommendations and analysis of the present and long term situation.

(b) A market needs survey which substantiates the rationale for the change has been provided by the borrower. (The market survey must clearly indicate the present long term marketability of the project is significantly changed from the original market, and include the appropriate demographic information which reflects the population trends in the area.)

(c) A summary of all servicing actions taken by FmHA or its successor

agency under Public Law 103–354 to aid the borrower in maintaining the present designation.

(d) A summary of all actions taken by the borrower to effectively market the units to potential eligible tenants.

(e) A summary of the impact the change will have on any existing tenants, rent subsidy needs, and the community as a whole.

(f) A summary of any needed or required physical modifications and analysis of cost feasibility to complete the modifications.

§§ 1930.126–1930.127 [Reserved]

§ 1930.128 LH grants.

In addition to the supervision provided in connection with LH loans, recipients of LH grants will receive supervision to assure that the terms of the grant agreement and other objectives of the LH grant are carried out. This supervision will be continued to assure that the grant purposes will be accomplished. Comments on the following points will be included in appropriate reports, to assure that:

(a) The rents are reasonable.

(b) The project is operated as a community service for the benefit of the tenants.

(c) Domestic farm laborers are given absolute priority in occupancy. (This requirement also applies to borrowers who have LH loans only.)

(d) No public or private nonprofit organization borrower may require that an occupant work for a particular farm or for a particular owner or interest as a condition of occupancy of the housing.
